I checked about 3/4 of all the shipping records, the changes I made so far are the sample number for each analyte and filling in the missing part. I won't be able to finish all today, and I am taking tomorrow off.

If you need the numbers of sample to go with each analyte, it will be ready by the end of Monday.

If you need the table before then, here is the link to the updated file (Dimock sample shipped-2012 AC.xlsx). I expect few changes in the R3 part.

Robin,

Is there a way to work with Anching's table on samples and identify where we are with reports (prelims, submitted reports, ESAT validated, uploaded reports, responses)?

Cindy
